Dear Mr. Wardrop:

The court has reviewed your motions for use of cash collateral in each of the above referenced cases and notes that you have not complied with LBR 4001-2(b), which requires a coversheet on the court's local form to accompany such motions.

Interested parties would likely benefit from a summary of the relief that your clients are requesting, in advance of Friday's hearing. I remind you that the failure to comply may result in denial of the motions, without prejudice.

To honor the prohibition again *ex parte* communication, I will ask the Clerk to enter a copy of this letter on the docket in each of the above-mentioned cases.

Very truly yours,

Scott W. Dales
